

ADVANCED LOGO PLC UNIT

RA 245 (Stand Unit) RA 324 (Package Unit)

Description:

This training set includes all kinds of digital and analog cards and equipment needed to implement standard inputs and outputs. The device includes a TDE monitor to display values and draw graphs. It is possible to add all kinds of simulators in the form of level control or flow control or temperature control and pneumatics equipment to this training package.

Specifications:

- PLC logo siemens
- Power supply 2A
- Analogue input 2
- Analogue output 2
- Digital input 12
- Digital output 8
- Pneumatic simulator
- Monitor tde
- Electro motor dc
- Proximity sensor
- Capacitive sensor
- Volume 0-10dc
- Temperature transmitter type k 1
- Thermal oven
- Rotary encoder
- Relay 2 contact 4
- Signal light 6
- Limit switch 2
- MCCB 1
- RCCB 1
- Push button 6
- Start 1
- Stop 1
- Installation and training video included
- Instructions manual included
- 10-year warranty

Note: Direct contact with the sales department is required to confirm the last updated technical specifications and pictures.

ADVANCED LOGO PLC TRAINING PACKAGE

RA 245 (Stand Unit)
RA 324 (Package Unit)

Applications:

1. learning all the topics of training courses according to the number of inputs and outputs of digital, analog and display parameters
2. Feedback control learning from widely used circuits and equipment
3. The possibility of learning advanced level experiments such as PWM, calibration and temperature control.

Required For Operation:

- 220V Single Phase Electricity
- Relative Humidity: 15% - 80%

Dimensions (L*W*H) mm 300x 700 x 700
